Individuals

Thank you to the many generous individuals who have partnered with CareNet to end the need for abortion in our community.

Did you know...

that every week two women from Dickson go somewhere to have an abortion?

Our Mission

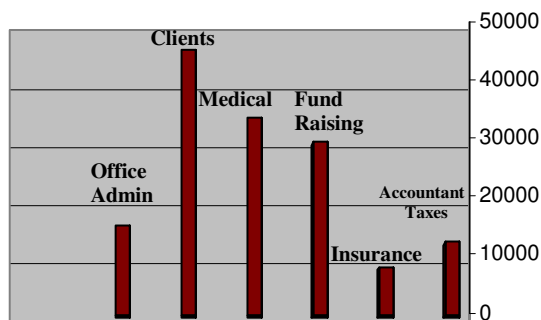

CareNet believes in the sanctity of human life. We are a service organization committed to dramatically reducing the number of lives lost to or harmed by abortion. We offer abortion alternatives, evangelism, post-abortion healing, and promote sexual purity.

2010 Income

2010 Total Income - \$144,160.18

2010 Expenses

2010 Total Expenses - \$150,506.59

The Choice

Statistics tell us that for every three babies born, one is aborted.

The most sorrowful outcome of choosing abortion for the woman is a lost relationship with God, who created her to nurture, love, and protect her baby.

As for the man, God divinely appointed to him the role to lead, love, and provide. Sadly, when the woman and the baby need him most, he often walks away.

Terrified young people feel they have nowhere else to turn, so they do what they are taught - abort the baby. Tragically 3,600 abortions are performed each day in the United States alone. Left in their wake is the fact that 43% of all women will have had an abortion by age 45.

Unfortunately, the church is no safe place either...

- 13% of women getting abortions identify themselves as "born again."
- 27% of women getting abortions identify themselves as Catholic

Message of Hope

When CareNet opened its doors in 1995, the Department of Health reported that 16,582 abortions had been performed that year on women residing in the State of Tennessee.

Because of CareNet and centers like ours, that number has been reduced to 14,245 in 2008.

We are making a difference!

CareNet recognizes that we are outnumbered and outspent by the opposition. We find ourselves in the God-ordained position of changing hearts. We must continue to present the pro-life message of hope and compassionate care by continuing to provide quality, confidential, and free care to women and their babies.

2010 Accomplishments

CareNet offers hope to the women and men in our community facing an unplanned pregnancy by giving them practical help and support.

In 2010 we were able to:

- Help 115 women with 346 visits
- Present an abstinence message to over 532 students and clients.
- Provide 114 free pregnancy tests
- Provide 44 patients and 34 models with a complimentary limited ultrasound
- Provide direct assistance through layettes, counseling, books and brochures, and referrals
- Provide Post-Abortion Healing
- Provide classes, which include:
 - Respect (abstinence)
 - Financial Management
 - Hospital Birth Preparation
 - First Aid
 - Breastfeeding
 - Parenting
 - Pre-natal
 - Do the Mom Thing
 - Classes for Spanish speaking clients
- Open LoRita's Open Door Boutique

Volunteers

Our volunteer advocates, medical personnel, and office helpers provided 2,645 hours of service in 2010. Their time and talents are the lifeblood of CareNet and we are honored to have them serve as part of our team.
