CareNet's Mission

To empower individuals to make an informed choice concerning their pregnancy.

CareNet's Vision

CareNet believes that all human life is created by God and has infinite value. CareNet is a service organization in partnership with the Christian community committed to dramatically reducing the number of lives lost to or harmed by abortion. To this end, we provide free, compassionate services to each client rather than engaging in public policy efforts. We offer alternatives to abortion, promote sexual purity, offer parenting classes, and provide post-abortion counseling.

CareNet is committed to excellence, integrity, and honesty in every aspect of the ministry.

Our goal is to present the gospel of Jesus Christ, in word and in deed, as we seek to minister to women and men in crisis.

Objective

- Provide financial support to continue the ministry of CareNet Pregnancy Medical Center
- Promote community efforts and involvement in partnering for a great cause.
