

Pastors For Life

June 2009

Stories from the Frontlines

Did you know that CareNet will come to your church and present a program on who we are and what we do? Margaret Cole, Director of Advancement, has been with CareNet since September of 2000. She came on staff as Client Services Director and in January of 2008 was promoted to Director of Advancement.

Margaret Cole
Director of Advancement

Margaret has recently joined the North American Mission Board as a Mission Service Corp Missionary. Margaret can share the stories from the “frontlines.” She has a voice for the unborn. Would you be willing to be a voice for those not yet seen? There are still many individuals in our communities who have never heard of CareNet Pregnancy Medical Center.

The Center’s vision is as follows:

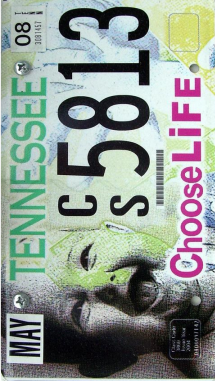

“CareNet believes in the sanctity of human life. We are a service organization committed to dramatically reducing the number of lives lost to or harmed by abortion. We offer abortion alternatives, evangelism, post-abortion healing, and promote sexual purity.”

Please call Doris today, 615-446-0701, and put CareNet on your schedule.

"Community For Christ"

Please join the Dickson County Ministerial Fellowship for the 7th annual "Community for Christ" service. It will be held Sunday, July 5th, at the Dickson County High School Stadium at 7pm. This years theme is "Passing the Torch" with Dave Buehring as our guest speaker. The focus will be on youth with an after burner concert held for the youth at Restoration Church immediately after service. We are forming a youth choir to lead worship. If you have any youth that are interested in participating please contact Enoch Lankford @ etlankford@bellsouth.net or 615-446-7833. We hope to see

The "Choose Life" license plate is available for \$35.00 plus your normal wheel taxes. Let everyone know that you support life by purchasing one. Simply go to the courthouse and tell them you would like to purchase the "Choose Life" plate. CareNet receives a percentage of all the sales!

The Liberty Project is simple, and powerful. It is small groups—whether a Bible study, Sunday school class or cell group—combining gifts of all sizes from members and sending those gifts to their local pregnancy care center such as CareNet Pregnancy Medical Center during the month of July.

With those gifts, our ministry takes one step closer to becoming the first choice of women in our community facing an unplanned pregnancy—and one step closer to making abortion obsolete in our area. And because ministries all over the country are taking part in this effort, *The Liberty Project* is a way we can have a national impact on creating a culture of life across America.

Are you ready to involve your small group? Give us a call or drop us an email. Let’s turn our culture toward life—and make this July one we’ll remember for generations to come.
